

Army Prisoner of War - Delta 2 Bravo

This is the Ultimate Themed War Challenge! This multi-activity day combines several unique zones.

Your team is in a meeting, when all of a sudden the door bursts open! "Get down – GET DOWN – on your knees, hands behind your back!!" The Enemy has stormed your HQ and you don't have a choice, you are being captured. Your team is marched and transferred to a remote location BLINDFOLDED!

Disorientation is setting in and perhaps a little fear... As you arrive in the POW camp your Enemy eventually tells you that you have been captured as prisoners of war and that you will be detained for an unspecified period of time. The team will have to quickly learn their location, figure out the Enemy Ratio, plan an escape route and execute an Escape without the detection of the Enemy.

You must overcome the Enemy and take back control. The end zone is in sight, but a fierce battle will take place, eliminate and move to strike! On reaching the End Zone, you have completed the Morning session – that is just the start of it! But all the information gained helps for the Afternoon sessions!

Fact File:

Numbers: 20+ participants

Duration: 3 hours

Additional Info: Combat clothing and guns are provided.

Benefits: This is an extreme team building activity where they must strategise under immense pressure. It also encourages logistical thinking amongst teams and pushes teams outside their comfort zone.
