

Spiders Web

Welcome to Ireland's largest spiders web! The object of this activity is to get from one side of the spiders web to the other – but without touching it! If you even graze against the web, you must start again and your team loses all points! Not at all as easy as it seems!

Once a gap in the web has been passed through successively, the hole is closed up and cannot be passed through again. Team members really need to pull together and help each other cross over. Team cohesion and unity is essential for this activity!

Fact File:

Numbers: 12+ participants

Duration: 40 minutes maximum

Additional Information: Available for outdoor and indoor events

Benefits: Team building and unity
