Classroom Theory Session

The 4x4 theory session takes place in a classroom environment which is run by our most senior 4x4 driving Instructor.

Using a PowerPoint presentation, the theory course is projected onto a large screen for all to see. The presentation uses very clear and concise diagrams & imagery, making the most complicated 4x4 systems and instructions easy to understand.

The presentation covers the following aspects of driving in an off road environment;

1. The Rules of Off Road Driving
2. Preparation & Safety when Off Road
3. 4x4 systems / technology
4. Hill Climbs & Descents
5. Failed Climb Recovery
6. Handling Obstacles – Deep Ruts, Water & Traversing Slopes
7. Approach, Ramp over & Departure angles
8. The Do's & Don'ts
9. Equipment & Tools

Each Trainee receives a Training Manual with the full PowerPoint presentation – so referencing & learning can continue outside of the Classroom.

Practical 4x4 Session

The Practical 4x4 Session is where the Trainees put what they have learnt in the Classroom into practice on our purpose built 4x4 Training Tracks.

A vast variation of 4x4 tracks await the Trainees, including Ascents, Descents, Side Slopes, Pits, Water Holes, Deep Mud, Dense Forest, Ruts, Grass, Stone & Banks/Mounds.

Each Trainee will experience driving on all terrain types (with the exception of sand driving).

Trainees will be tested on Failed Hill Starts & Failed Climb Recovery, and must pass this particular test to pass the course.

On completion of the course, successful Trainees will receive a Certificate of Competency from Xtreme.ie.

Testimonial

High Praise for Xtreme.ie 4x4 Driver Training Course

Emmet Stokes, Director of Hibernian Cellular Networks Ltd. And Ulstercom Ltd.

As a manager of an International Telecommunications Infrastructure business with a Team of field staff visiting high tower sites daily, it is crucial I know my team have the skills to safely get where they need to go in their 4x4s.

The course that Xtreme.ie provided was fantastic. The theory session in the morning was extremely informative and comprehensive. The practical lesson was very thorough and also very exhilarating. Our instructor was competent, thoughtful and helpful. He was also great craic and the day was an all round success.

The setting of Carton House and its grounds really added to a great day. I would recommend Xtreme.ie's 4x4 courses to anyone who has drivers in off road situations as part of their jobs. The course was comprehensive, detailed and enjoyable.
